

MANHATTAN

Performance matters.

Serve up to 450 cocktails per hour, rising sales for minimized costs.

*Mixology automated and controlled
If it's a liquid, Manhattan can pour it!*

Speed and precision

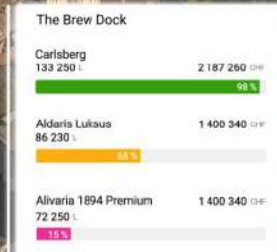

- ⊕ *High-quality* at each drink thanks to its precision and repeatability
- ⊕ *Minimized costs* by **spending less time** in tedious and time-consuming inventories
- ⊕ *Reduced ecological footprint*, get rid of **bottles**

The best tool to pour all your drinks

- ⊕ 2 distinct **premix** nozzles and 6 **blending** nozzles + **Postmix** flavours: 5 flavours + sparkling or still water
- ⊕ **Programmable** portions and prices
- ⊕ 12" High Definition (HD) touch screen
- ⊕ Control the entire beverage distribution process from payments to pouring thanks to POS connection

Enable your IoT world with Drinkotec

With 40 years of expertise in beverage dispensers, Drinkotec knows the industry's needs inside out. Over the years we created an **360° ecosystem** where Data matters.

All our devices are connected to a unique secured analytics platform: **Loop³⁶⁰ Analytics**.

Beverage brands and their customers will empower the teams with this **powerful & user-friendly** beverage operations platform to manage sales, marketing, technical, inventory operations and drive customer success.
